DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 4-7, 10-17 and 19-21 are allowed.
2. In regards to claims 1 and 4-6 the prior art of record fails to teach or suggest an Octree division step for dividing, by modified Octree division, the external data into cubical divided cells with boundary surfaces orthogonal to each other, wherein each divided cell is classified as only one member of the group consisting of a non-boundary cell not including a boundary surface of the object and located in the interior or in the outside region of the object, and a boundary cell including the boundary surface of the object.
3. In regards to claims 7, 10-17 and 19-21 the prior art of record fails to teach or suggest an Octree division step for dividing, by modified Octree division, the external data into cubical divided cells with boundary surfaces orthogonal to each other, wherein each first cell is classified as only one member of the group consisting of a non-boundary cell not including a boundary surface of the object and located in the interior or in the outside region of the object, and a boundary cell including the boundary surface of the object.
